

THE CHINESE UNIVERSITY OF HONG KONG
FACULTY OF BUSINESS ADMINISTRATION (UNDERGRADUATE OFFICE)

Silas Ng, a final year student of Insurance, Financial and Actuarial Analysis Program, joined our Associate Dean, Prof. Andrew Chan and our Administrative Director, Ms. Melina Iu to have a lunch meeting with Mr. K.L. Wong on Sep 19, 2007. Mr. K. L. Wong is the Managing Director and Chairman, Asia Origination of Merrill Lynch. Below is Silas's sharing following the meeting with Mr. Wong.

“I was thankful for the opportunity to meet Mr. K.L. Wong, **Managing Director and Chairman, Asia Origination of Merrill Lynch**, who gave me plenty of fascinating insights into the investment banking industry. As an icon of a top investment bank, he discussed the latest trend of the job market. As a CUHK alumnus, he shared with me his view on standards of local graduates and gave advice on what students of our university could do to compete with elites from all over the world to get into this highly competitive industry. I felt strongly about K L's continuous support to his alma mater, which led me to have reflection on what my role as a CUHK alumnus should be after my graduation.”
